

Manufactured Stone Veneer Warranty and Code Compliance Review

A presentation and hands on demonstration geared toward masons, contractors, and builders based on the Masonry Veneer Manufacturers Association (MVMA) Installation Guidelines for manufactured stone veneer.

Review installation over wood, metal, and masonry construction, topics include:

- Sheathing, water resistive barrier, lath, fastening, and scratch coat
- Details, flashing, transitions, dissimilar material, clearances, protusions, and drainage
- Special considerations when installing over continuous insulation
- Installation best practices
- Collaboration on new ideas and tricks of the trade for more efficient installation
