

## PROJECT PROFILE

### PROJECT VISION

In keeping with the theme of “red” for a fire station, the designer used our Bermuda color for the majority of the building, with a Sandstone color split face base, giving the building a stately presence.

### Split Face CMU

Split Face is a popular unit masonry finish because it offers a uniquely textured face with no two units appearing exactly alike. Providing depth to building design, Split Face is a cost-effective design option for any project.

### PROJECT

Lower Swatara Fire Department

### LOCATION

Middletown, PA

### ARCHITECT

SGS Architects, Engineers, Inc.  
1 Tyler Court  
Carlisle, PA 17015
