

PROJECT PROFILE

PROJECT VISION

The creative use of four different colors throughout this large middle school project provided a means of breaking up a series of large walls across the building envelope.

Split Face CMU

Split Face is a popular unit masonry finish because it offers a uniquely textured face with no two units appearing exactly alike. Providing depth to building design, Split Face is a cost-effective design option for any project.

PROJECT

Northeastern Middle School

LOCATION

Mount Wolf, PA

ARCHITECT

Crabtree and Rohrbaugh
401 E Winding Hill Road # 301
Mechanicsburg, PA 17055
