## Fieldstone

With a wide range of bold angular shapes and rugged surface texture, Fieldstone creates a unique visual dialog. Inspired by rustic European building techniques, Fieldstone consists of intentionally irregular shapes and sizes. The profile ranges from 2"-16¾" in height and 4¼"-21½" in length.

## Heritage

Each stone was originally hand-chiseled by masons to create rugged rectangular ashlar shapes. The profile installs into randomly coursed patterns making an impressive visual statement.

Heritage stones range from 1"-10½" in height and 3"-17" in length.

## Ledgestone

The linear lines of this versatile profile create an appealing contrast of rugged texture and contemporary design. Ledgestone ranges from approximately 1"-6" in height and 3¾"-19" in length. Installed in a dry-stack application the stones stack tightly together horizontally as the varying stone depths create intriguing shadow play

# Architectural Accents

## The Final Details...

It's in the details that make an ordinary project an extraordinary one, and StoneCraft Accents are no exception to this philosophy. Each accent has been created by hand to meticulously emphasize unique color hues and detailed sculptural characteristics...the essence of true masonry craftsmanship.

Other accents are available by special order. Please see a York Building Products representative for more information.
