CRAM SESSION

COMPLIMENTARY SEMINAR Masonry "Cram Session"

No Balls! No Strikes! Nothing but Hits!

Seminar Agenda for October 20

- 8:00 AM: Arrivals and Registration.
Coffee served.
- 8:25 AM: Hellos & Good Mornings
A few words from our sponsors.
- 8:30 AM: Session One
"Fire Safety with Concrete Masonry Products"
Jack Kennedy, LEED AP BD+C of York Building Products
- 9:40 AM: Session Two
"Mortar History & Replication"
Casey Weisdock, of the International Masonry Institute
- 10:45 AM Session Three
"Factory Preblended Mortar for Masonry Construction"
Shawn O'Malley, of SPECMIX
- 11:45 AM LUNCH INCLUDED!
- 12:30 PM: Session Four
"Terrazzo: The Original Sustainable Floor"
Bethany Fischer, of PPSI and Terrazzo & Marble Supply Companies.
- 1:30 PM Good-Byes!

Being held at:

**PeoplesBank Park
5 Brooks Robinson Way
York, PA 17401**

4 AIA/CEU Credits Available!

Masonry Contractors Association of
Central Pennsylvania.

REGISTRATION FORM — 2022 MCACP Masonry Cram Session Seminar

Please list all registrants and provide an AIA membership number if applicable. You need not be a member of the AIA to attend.

Name: _____ AIA #: _____ Email: _____

Name: _____ AIA #: _____ Email: _____

Name: _____ AIA #: _____ Email: _____

Name: _____ AIA #: _____ Email: _____

Company: _____

Address: _____

City: _____ State: _____ Zip: _____ Phone: _____

Please provide email for confirmation and event updates. You may copy this sheet for additional attendees if necessary.

Seating is limited! Registrations are first come, first served!

While there is no fee for the seminar, you must be registered to attend.

Deadline to register is Monday, October 17!

There are three easy ways to register:

By Email: masonryseminar@gmail.com **By Fax:** (804) 918-2260

By post: MCACP CS Seminar, P.O. Box 3216, Gettysburg, PA 17325

Session One

“Fire Safety with Concrete Masonry Products”

Presenter: Jack Kennedy, LEED AP BD+C of York Building Products

This practical and life-impacting presentation reviews related fire statistics and code trends and then defines and applies the concepts of balanced design for life/fire safety. We will distinguish the code approved methods of evaluating fire ratings for concrete masonry and utilize the related calculation method for determining fire resistance rating of concrete masonry assemblies.
1 AIA/CEU (HSW)

Session Two

“Mortar History & Replication”

Presenter: Casey Weisdock, of the International Masonry Institute

This session provides an overview of traditional masonry building technology and construction methods. This contextual information sets the stage for an in-depth discussion of the properties of historic and contemporary mortars. Sample selection, mortar testing, and analysis will be presented, along with other key considerations for the specification of appropriate mortar formulations for repointing campaigns.
1 AIA/CEU (HSW)

Session Three

“Factory Preblended Mortar for Masonry Construction ”

Presenter: Shawn O'Malley of SPEC MIX

Designed to assist the participant in gaining knowledge on the future of masonry mortar, this interactive seminar has attendees participating in hands-on demonstrations illustrating the quality of factory produced mortar compared to the inconsistencies associated with site-mixed mortar. Participants also will discover the requirements necessary to achieve consistent colored mortar every time. Now architects and specifiers can be assured that the products they specify are manufactured to exceed all applicable ASTM standards
1 AIA/CEU (HSW)

Session Four

“Terrazzo: The Original Sustainable Floor”

Presenter: Bethany Fischer of Terrazzo & Marble Supply

The program will give a thorough overview of terrazzo flooring, including a review of both the epoxy and cement systems. The topics of special detailing, installation sequence and specifications will all be examined and discussed. Through the use of numerous photo images, the creative design options of terrazzo will be illustrated to ensure the designer and architect get the desired results for their terrazzo flooring installations.
1 AIA/CEU (HSW) (SD)

MCACP’s “Cram Session” Masonry Seminar

is a open to architects, designers, engineers, MCACP members, and lead facility representatives. Please feel free to share this information with appropriate colleagues.

Each presenter will be using his/her AIA/CES form for submission to the AIA. Please be sure to have your AIA number with you to ensure proper credit for the courses. If you are not registered with the AIA, the MCACP will provide you a “Certificate of Completion” for each session to keep with your records. These may be mailed after the event.

You need not attend all sessions to participate in the seminar!

**Being held at:
PeoplesBank Park
