

Project Profile Series

PROJECT VISION

This ABC chapter wished to feature cutting-edge products from their member's portfolios for a major expansion to the facility.

Our Temple Stone® CMU lent a textured, dramatic appearance to this building, and also coordinated nicely with existing Split Face CMU units.

Temple Stone® CMU

A textured unit designed to deliver the appearance of Jerusalem Limestone. With a smooth, yet craggy face, it is perfect for both interior and exterior applications.

PROJECT

ABC Keystone Headquarters

LOCATION

Manheim, PA

ARCHITECT

SA Architects
600 N. Hartley Street
York, PA 17404
