Enviro-Flo™ is a traditional 6 x 9 permeable paver that is visually attractive and pedestrian friendly. This system is designed to meet or exceed current stormwater management requirements.

Because of its rectangular shape, structurally sound patterns such as herringbone can be used—which is important for vehicular traffic.

**AVAILABLE COLORS**

- Coastal Tan
- Granite

**Size:** 6 x 9 x 3 1/8
**SF / Unit:** .37
**SF / Pallet:** 112
**Pcs / Pallet:** 300
**Wgt / Pallet:** 3,200 lbs.
**Comp. Strength:** 5000 psi min.
