

## PROJECT PROFILE

### PROJECT VISION

This school project featured Rustic Face units in both interior and exterior applications.

Utilizing three different colors (Chamois, Silver and Crimson) along with our Gemstone® sills in Arctic White, the architect brought dramatic colors to the project that separated key elements of the building.

### Rustic Face CMU

Rustic Face CMU features a textured face softened by shotblasting the surface of the unit.

This face treatment provides a weathered, rustic appearance to a building envelope.
